

## **Don't Seek to Hear Them With the Spirit Box App**

**Don't seek to hear them  
With the Spirit Box App**

**The Spirit Box App  
Can change your brain  
Change how you hear  
You could hear some things  
You just wish would disappear**

**Night and Day  
Day and Night  
You'll hear such trickery  
You'll hear such fright  
And maybe some light  
But only through the fight  
So goodnight  
And don't seek to hear**
